Due to not having a Quorum no official business was conducted. All Business will be brought up at the next board meeting in December or at the Semi Annual meeting in November.

The minutes were reviewed along with the treasurer's report.

Some discuss occurred about the request from the single family home owner at 144 General Nelson about placement of a children's play equipment. No action was take but several board members will check out a few items so when we have a quorum a decision can be made.
