

Addendum to BEHOA Board Meeting Minutes
May 21, 2020

Battlefield Golf Course Preservation Committee.

The sale of the golf course by Madison County Fiscal Court has only been temporary put on hold by the current COVID-19 pandemic. All efforts to stop the sale of the golf course will continue.

Members of the committee met with members of the Battlefield Preservation Board before the COVID-19 crisis began. Perhaps the best opportunity to retain the Battlefield Golf Course as a golf course will be to work together with the community as a whole and the Battlefield Preservation Board. The Battlefield Preservation Board has apparently been unable to meet during the COVID-19 crisis.

Battlefield Preservation Committee members - Brenda, Wade and Bones.

Additional information provided by Frank Newman. Thank you, Frank.
